50X1-HUM

2. [redacted] the two vice-ministers the vice-minister for engineering and the vice-minister of general affairs [redacted]

50X1-HUM

3. The "Office of Staff Members" is apparently the personnel department of the Ministry.
4. The name of the chief of this office was not reported. Possibly the vice-minister for engineering was in direct charge of this particular field.
5. The relationship, if any, between the Office of Basic Construction appearing in paragraph 9, and the Headquarters, Basic Construction Trust described in paragraph 15 [redacted]

50X1-HUM

6. [redacted] Comment. The Departments of Transportation, Mining, Coal Mine Control, Metal Control, and Machinery Control were composed of the same bureaus and sections as the First Department.
